BMW X3 xDrive30e:

21" BMW Individual V-spoke 726 light alloy wheels with mixed tyres and run-flat tyres, exterior colour in Sophisto Grey brilliant effect, Sensotec perforated sport seats | Cognac, fine-wood trim Ash Trunk open-pored with highlight trim finisher Pearl Chrome.

The equipment ranges and configuration options with regard to standard and optional equipment of the individual models may vary after the editorial deadline of this medium on 04/30/2021. Your local BMW Partner is available to provide further details. Subject to change in design and equipment.

Stated prices apply for models available in Germany. All prices shown are BMW AG's recommended prices ex works excluding delivery charges.

INDEPENDENCE BEGINS WHEN
OLD HABITS ARE LEFT BEHIND.

THE NEW BMW X3.

ALWAYS AHEAD OF THE TREND.

Thanks to sporty, tight surfaces and iconic highlights on the exterior as well as a unique connection of athleticism and comfort in the interior, the new BMW X3 shows you

where you're heading – and will be the first to confidently get to the destination.

A CLEAR MESSAGE: THE FRONT.

Even from the front, the dynamic presence and typically focused expression of the new BMW X3 are thrillingly obvious. Tight, ample surfaces in vehicle colour powerfully extend around the central icon – BMW's characteristic radiator grille. At the same time, traditional X elements create an incomparable feeling of liberty that is intensified further by sporty details. Simply put a character that immediately expresses the urge for daily adventures – the new BMW X3.

□ Particularly **slim headlights** intensify the striking look of the new BMW X3 onto the road ahead. Equipped with full LED technology or BMW Laserlight they guarantee optimum illumination of the road.

■ Appealing icon: the large **BMW double radiator grille** is encased by a single-part frame. Its striking, angular design towards the top clearly indicates the appealing self-confidence that characterises the new BMW X3.

■ Standard equipment □ Optional equipment

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary.

For detailed information on availability, terms and costs, please contact your local BMW partner.

SPORTINESS MEETS SOLIDITY: THE SIDE VIEW.

A perfect balance of all qualities that characterise the new BMW X3 from the side and make it seem so fascinating. Tight, ample surfaces particularly emphasise the typical proportions of a BMW X. Its dynamic outline already triggers anticipation for the next invigorating driving experience at first glance.

The new BMW X3 has a wide, confident stance. This impression is further enhanced by pronounced, horizontal lines. The underide protection also emphasises the modern, reduced design language from this perspective: it frames free-form tailpipe trims as part of a three-dimensional impression and lends the new BMW X3 a clear conclusion towards the road.

POWERFUL STATEMENT: THE REAR.

■ The **rear lights with full LED technology** make the rear view of the new BMW X3 seem even sharper. The distinctive, three-dimensional modelling of red areas with integrated turn indicators additionally underlines the presence of the rear end.

■ Standard equipment □ Optional equipment

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary.

For detailed information on availability, terms and costs, please contact your local BMW partner.

A noticeable sporting character combined with a clear orientation towards the driver and cutting-edge elegance – take a seat in the new BMW X3 and immediately enjoy that pleasant feeling of being in full control and having a complete overview. Ample decor and clearly structured control and information elements will set your heart racing as soon as you have taken your comfortable seat in the focus of the action.

■ Always the best seats: the **sport seats** in the new BMW X3 feature the most recent Sensatec generation upholstery. Its refined structure generates an extremely pleasant haptic perception while the material's perforation guarantees ideal seat ventilation – even when the thrilling driving experience sends your heart racing.

□ The Controller with integrated **air conditioning control panel** harmoniously integrates into the centre console featuring a **12.3" information display** to guarantee a perfect overview – the standard display size is 10.25". High-grade, galvanised elements, for instance around the fresh air vents, represent elegant highlights and emphasise the sporty, horizontal lines of the interior equipment.

ATHLETIC AESTHETICS: THE INTERIEUR.

FREEDOM BEGINS WITH CONNECTION.

Leave everything behind – but stay connected with what is important to you: comprehensive connectivity and infotainment functions in the new BMW X3 guarantee

that you can easily and seamlessly bring your digital life into the vehicle and are provided with the support you need at any time – regardless of where you are heading.

□ Always intelligent by your side: The **BMW Intelligent Personal Assistant** not only has all the answers to any question about the new BMW X3, it can also be operated particularly intuitively thanks to extended language functions to guarantee that you will absolutely feel good in the new BMW X3 from the outset.

The seamless connection to your new BMW X3, simply on your smartphone – the **My BMW App**¹ links you to your vehicle and acts as your personal mobility assistant. Keep an overview of your vehicle and use numerous, innovative, digital functions – convenient, intuitive and mobile, just right for the adventures of everyday life.

□ The **BMW Live Cockpit Professional** is where everything comes together. This innovative display cluster consists of a high-resolution 12.3" central information display as well as a fully digital 12.3" multifunctional instrument display that can be controlled very intuitively, for instance by voice control or using the iDrive Touch Controller.

□ You can even enjoy **Amazon Alexa**^{2,3} just like at home in the new BMW X3. The voice assistant is seamlessly integrated into your vehicle, so you can easily continue your digital life on the road.

■ Standard equipment □ Optional equipment

¹ This feature is only available in conjunction with ConnectedDrive Services and a compatible smartphone. The range of functions depends on the apps installed on the smartphone.

² An Amazon account is required for the integration of Amazon Alexa Car Integration.
³ Amazon, Alexa and all associated logos are trademarks of Amazon.com, Inc. or its affiliates.

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary.

For detailed information on availability, terms and costs, please contact your local BMW partner.

EVERYTHING UNDER CONTROL. WITH CERTAINTY.

The new BMW X3 is always by your side to also reliably support you in challenging driving situations. An intelligent combination of sensor system, driver assistance systems

and safety technologies make sure you feel perfectly comfortable during every trip and master any situation with superiority.

□ The innovative **Driving Assistant Professional**¹ combines driving technologies in a comprehensive assistant for any trip: it combines anything that makes driving more pleasant, safer and convenient, from passive safety systems to active hazard warning systems and functions for partially automated driving.

□ A good feeling: in an emergency the **Emergency Stop Assistant** in your new BMW X3 will automatically take control, bring the vehicle to a standstill in a safe position and make an emergency call.

■ Standard equipment □ Optional equipment

¹ Function may be limited in darkness, fog or bright glare. The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary.

For detailed information on availability, terms and costs, please contact your local BMW partner.

DYNAMICS UNLIMITED.

Sparks a passion every time it accelerates, over and over again: the new BMW X3 impresses with absolute driving pleasure from the first metre. Accurate turn-in ability, superior power development and invigorating agility merge

to form typical BMW handling that turns into the ultimate driving pleasure experience, also thanks to the vehicle's unique efficiency – regardless of the route you choose.

■ Standard equipment □ Optional equipment

¹ Only available for M40i and M40d. The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment.

The offer structure as well as market and production availability may vary. For detailed information on availability, terms and costs, please contact your local BMW partner.

■ No matter what everyday life has in store for you – **BMW xDrive** all-wheel drive combines the benefits of traction, directional stability and driving safety with classic BMW agility.

□ The sporty setup of the **adaptive M suspension**¹ always guarantees optimum traction on all road surfaces and, depending on the Driving Experience Control setting, enables a particularly sporty or comfortable chassis and suspension setup.

□ Even more agile in any driving situation: thanks to demand-based power distribution at the rear wheels, **Performance Control** tangibly boosts the driving dynamics of the new BMW X3 even further, most of all when cornering.

HIGHEST ELATION.

THE
X3 M
X3 M
X3 M
COMPETITION

EVERY METRE
IS A MILESTONE.

MODEL VARIANTS AT A GLANCE.

BASE

Independence and an urge to get ahead: the unique character of the new BMW X3 is apparent at first glance thanks to special X-typical equipment ranges in the interior and exterior – and it feels impressively dynamic whenever you drive it.

M SPORT PACKAGE

Re-designed front and rear bumpers, new paintwork colours, light-alloy wheels, interior trim finishers and more – the M Sport package further intensifies the athletic personality of the new BMW X3.

BMW M AUTOMOBILES

M40i AND M40d

With exciting exterior trim features and equipped with the most powerful AG motorisation variants – as BMW M40i and M40d the new BMW X3 confidently leaves old concepts behind.

X3 M

A genuine M – and a genuine X: the new BMW X3 M represents absolute motivation and the adrenaline-charged feeling of absolute high performance.

X3 M COMPETITION

Competition means merely seeing it in the interior mirror: the new BMW X3 M Competition dominates the field emotionally, visually and physically from the very first moment onwards.

BMW PLUG-IN HBYRID

X3 xDRIVE30e

Two drivetrains that will take you anywhere: the new BMW X3 xDrive30e combines the best of a combustion engine and electric drive – for a sustainable driving feeling brimming with dynamism and euphoria.

BASE.

■ The adjustable Sport seats for the driver and front passenger feature numerous manual adjustment options, including fore-and-aft position, and the backrest and seat angle. Addition for the driver: backrest width adjustment. Thanks to larger seat and backrest bolsters, and well-defined side bolsters, they provide excellent ergonomics and a high degree of lateral support.

■ The black Sport leather steering wheel with three spokes features a Chrome decorative trim. A thick rim and contoured thumb rests provide an exceptionally pleasant, high-grip feel.

■ 18" light alloy wheels V-spoke style 618 in Reflex Silver, wheel size 7J x 18, with 225/60 R18 tyres.

□ 20" light alloy wheels Y-spoke style 695 Bicolour Orbit Grey with mixed tyres, gloss-lathed, front 8J x 20 with 245/45 R20 tyres, rear 9.5J x 20 with 275/40 R20 tyres.

SELECTED BASE MODEL EXTERIOR EQUIPMENT FEATURES:

- 18" V-spoke style 618 light alloy wheels
- LED headlights
- Window recess finisher strip and roof rails, matt aluminium
- Servotronic

EQUIPMENT HIGHLIGHTS.

□ The Comfort Access makes it possible to open all of the vehicle doors and the luggage compartment, without using the key. When approaching, the welcome greeting is activated even before the doors unlock automatically.

□ The M high-gloss Shadow Line¹ includes numerous equipment details in Black high-gloss: side frame trim strips, window recess finishers, exterior mirror caps, mirror base and triangle, B-pillar trim panels and window guide bars on the rear doors.

□ In laser high-beam mode, the Adaptive BMW Laserlight illuminates a range of up to 500 m, nearly twice as far as that of conventional headlights. Better visibility in the dark significantly increases safety. Blue accents and the lettering "BMW Laser" in the headlight also underline the technological standards and the sportiness of the vehicle.

□ The adaptive suspension makes it possible to ideally adjust the damper characteristics to suit any given driving situation, improving roll comfort and driving dynamics. In addition to the standard COMFORT setting for increased driving comfort, the SPORT program can also be selected for athletic damper settings.

□ The adaptive LED headlights include low-beam and no-dazzle high-beam headlights (BMW Selective Beam) and turn indicators with full LED technology. The equipment also features cornering lights, daytime running lights and Adaptive headlights with variable light control for excellent illumination of the road ahead and better visibility in the dark.

■ Standard equipment □ Optional equipment

¹ Standard for M40i and M40d.
The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and

production availability may vary. For detailed information on availability, terms and costs, please contact your local BMW partner.

EQUIPMENT HIGHLIGHTS.

□ The Instrument panel in Sensatec¹ lends the interior of the vehicle a highly exclusive atmosphere. The artificial leather is applied directly to a semi-rigid foam, and features an impressively soft surface. The wear-resistant material around the door panels on the front and rear features attractive double-lap seams.

□ When open, the Panorama glass roof provides a great deal of fresh air. Closed, it creates a bright, light-flooded atmosphere in the interior. It opens and closes completely automatically at the push of a button or with the vehicle key, and is equipped with slide and lift functions, roller sunblind and wind deflector.

■ The adjustable Sport seats for the driver and front passenger feature numerous manual adjustment options, including fore-and-aft position, and the backrest and seat angle. Addition for the driver: backrest width adjustment. Thanks to larger seat and backrest bolsters, and well-defined side bolsters, they provide excellent ergonomics and a high degree of lateral support.

□ The full-colour BMW Head-up Display² projects all information relevant to the journey directly into the driver's field of vision.

□ Harman Kardon surround sound system with 464-watt digital amplifier, nine channels, vehicle-specific equalizer and 16 speakers.

■ Standard equipment □ Optional equipment

¹ Standard for M40i and M40d.

² The information in the BMW Head-Up Display is not fully visible when viewed through polarised sunglasses. Content shown will depend on the equipment options chosen. Further optional equipment is required to display specific items.

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary. For detailed information on availability, terms and costs, please contact your local BMW partner.

EQUIPMENT HIGHLIGHTS.

□ The BMW Live Cockpit Professional with navigation function includes two high-quality displays consisting of a high-resolution 12.3" Control Display that can be operated by touch and a fully digital 12.3" instrument display. The BMW Operating System 7 can also be operated via the iDrive Touch Controller.

□ Concierge Service, Remote Services, smartphone integration¹ incl. Apple CarPlay and Android Auto, In-Car Experiences, Connected Music or BMW Maps with Connected Navigation and Connected Parking? Get them all! With the Connected Package Professional, you can get all these services from BMW ConnectedDrive.

□ The latest software version always on board. With Remote Software Upgrade, your BMW will always be up to date. You can simply download the upgrades via the My BMW App or via the SIM card installed in the vehicle and then install them. In this way, other available functions in your BMW are also activated.

□ "Alexa, add teabags to my shopping list." "Alexa, what is the weather like in Munich?" With the Amazon Alexa Car Integration^{1,2}, using the voice service in your car is effortless, just as you are used to at home. Alexa's responses are also shown as visual feedback on your vehicle's control display.

□ Why go without the features of your smartphone in your BMW when you can continue operating it as usual? With smartphone integration³, your vehicle supports Apple CarPlay and Android Auto by means of a wireless connection between your smartphone and the vehicle. This allows you to conveniently use familiar functions and various apps in the vehicle.

□ Wouldn't it be incredible if your BMW was also your personal vehicle expert? Communicate with your vehicle using the BMW Intelligent Personal Assistant. Say natural commands to operate numerous vehicle functions. It can also explain topics about your vehicle and helps you to get to know your BMW even better.

□ During planning and preparation, while driving and even while parking: BMW Maps guarantees you an outstanding navigation experience. Make your journey even more comfortable and personal – thanks to the intuitive operation and navigation perfectly tuned to the driver.

■ Standard equipment □ Optional equipment

¹ An Amazon account is required for the integration of Amazon Alexa Car Integration.

² Amazon, Alexa and all associated logos are trademarks of Amazon.com, Inc. or its affiliates.

³ Smartphone Integration is permanently available in the vehicle. It includes Apple CarPlay and Android Auto. Android Auto linking is only possible in conjunction with a BMW Live Cockpit. Due to possible future technical developments (e.g. of mobile phones), the usability of the Apple CarPlay or Google Android Auto service cannot be

guaranteed permanently. CarPlay is a trademark of Apple Inc. Android Auto is a trademark of Google LLC.

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary. For detailed information on availability, terms and costs, please contact your local BMW partner.

EQUIPMENT HIGHLIGHTS.

□ The Driving Assistant¹ safety package includes Front Collision Warning with brake intervention, Manual Speed Limit Assist including Speed Limit Display with no-overtaking indicator and pre-warning as well as rear crossing traffic warning. Lane Departure Warning and Lane Change Warning with active return, as well as rear collision warning complete the features.

□ Driving Assistant Professional¹ offers optimum comfort and safety during critical or monotonous traffic situations. Apart from the contents of the Driving Assistant, it also includes Steering and Lane Control Assistant with extended functions, Emergency Stop Assistant and Lane Keeping Assistant with active side collision protection.

□ The Assisted View provides real-time information on the vehicle surroundings collected by various assistance systems. Thanks to an animated 3D display in the instrument cluster, you can clearly see how your vehicle perceives the current traffic situation and thus understand how the systems work.

■ Standard equipment □ Optional equipment

¹ Function may be limited in darkness, fog or bright glare.

² The driver is responsible for constantly monitoring the automated parking procedure in accordance with local road laws.

□ The Parking Assistant² makes parking the vehicle easier. The Reversing Assist Camera and Reversing Assistant support the driver when reversing. Active Park Distance Control offers increased protection against damage caused by parking. Parking Assistant parks the vehicle automatically, parallel or perpendicular to the street, and leaves parallel parking spaces.

□ The Parking Assistant Plus² makes parking and manoeuvring the vehicle easier. The equipment package features the Surround View system Active Park Distance Control and the Parking and Reversing Assistant. The Surround View system makes parking easier by making the area around the vehicle visible with Top View, a Panorama View with automatic activation as well as a 3D View on the Control Display. You can see the parked vehicle's surroundings even from a distance, using Remote 3D View on your smartphone. When parking manually, additional sensors monitor the areas on the sides of the vehicle and obstacles are represented on the Control Display. The Active Park Distance Control emergency brake function helps prevent collisions during reverse parking. Parking Assistant parks your BMW automatically in parking spaces that are parallel or perpendicular to the street, and can also leave parallel parking spaces automatically. The system measures potential parking spaces while driving slowly past them (at speeds below 35 km/h) and at a maximum distance of 1.5 m from the row of parked vehicles. Once a sufficiently sized parking space has been found, you just need to turn on the indicator and the Parking Assistant takes over the steering, and covers gear selection and acceleration. All you need to do is monitor the parking process. If you have driven a route forwards while manoeuvring, Reversing Assistant records up to 50 m of this route so that it can drive back the same route on request.

□ The BMW Drive Recorder, consisting of the event and crash recorder, allows you to record a video from the vehicle environment and play the video on the Control Display or, via USB export, on your device. Important vehicle information such as speed and GPS position are stored synchronously with the video.

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary. For detailed information on availability, terms and costs, please contact your local BMW partner.

EQUIPMENT HIGHLIGHTS. PERFORMANCE.

□ The M anthracite headliner¹ together with body pillars and grab handles also lined in anthracite ensure a sporty ambience in the interior.

□ The M high-gloss Shadow Line with extended features² includes equipment features in Black: kidney grille frame and BMW kidney grille in black high-gloss and tailpipe trims in Black Chrome.

EQUIPMENT HIGHLIGHTS. PERFORMANCE.

□ The M seat belts¹ with belt tensioner and belt force limiter boast an exquisite stitched highlight in the classic M colours.

□ The multi-adjustable M Sport seats¹ with bucket seat character and 'partly integrated headrest provide excellent lateral support for you and your front passenger. In addition, the backrest width can be individually adjusted. Their special design with black M logo highlights the vehicle's athletic capabilities.

□ The powerful M Sport brake featuring four-piston fixed calipers front and single-piston floating calipers rear in Red high-gloss² with M logo features large brake discs to ensure an outstanding braking power. Adapted to the vehicle's dynamic potential, it guarantees exceptional braking even with a sporty driving style.

□ The powerful M Sport brake featuring four-piston fixed calipers front and single-piston floating calipers rear in Blue metallic³ with M logo feature large brake discs to ensure an outstanding braking power. Adapted to the vehicle's dynamic potential, it guarantees exceptional braking even with a sporty driving style.

□ The M Shadow Line lights give the main headlights a sporty look with all chrome elements finished in Black. The dark details perfectly complement the optionally available M high-gloss Shadow Line with extended features.

□ The Adaptive M suspension² can be electrically adjusted at any time to suit the road and driving conditions. You can also adjust the suspension characteristics via the Driving Experience Control to enable your preferred driving style at the time – from comfortable to extremely athletic with markedly agile handling.

□ The 8-speed Steptronic Sport transmission³ offers incredibly sporty gear changes. Whether automatic or manual using the selector lever or gearshift paddles – for comfortable coasting or incredibly dynamic driving. In SPORT mode and with the selector lever in the left-hand S/M position, the gear shifts are configured for the maximum performance.

■ Standard equipment □ Optional equipment

¹ Series for M Sport package, M40i and M40d.

² Only available for M Sport package, M40i and M40d.

³ Only available for M Sport package. Standard for M40i and M40d.

The availability of some equipment, functions, and digital services depends on engine variants or additional optional equipment. The offer structure as well as market and production availability may vary. For detailed information on availability, terms and costs, please contact your local BMW partner.

ORIGINAL BMW ACCESSORIES.

Intensive driving experiences, even further enhanced: Original BMW accessories are the best match for an original BMW. Whether wheels and tyres, transport and luggage compartment solutions, interior accessories, communication, information and technology, charging accessories or M performance parts, with original BMW accessories you'll find exactly the individual solution that will allow you to discover driving pleasure as if for the first time.

WHEELS AND TYRES.

With original BMW complete wheels, you'll reach your destination safely, and emphasise the sporty appearance of your BMW from the very first glance. But what you don't immediately realise is that they are precisely tailored to your BMW, are subject to very stringent tests with intensive material and function checks, and have been developed in close collaboration with leading tyre manufacturers – individually tuned to the driving dynamics and design language of each individual BMW model.

TRANSPORT AND LUGGAGE COMPARTMENT SOLUTIONS.

Original BMW Accessories offer you a wide range of transport and luggage compartment solutions. In line with your personal preferences and interests, you can use them to create additional space whenever and wherever you need it. Whether carrier systems or accessories for the luggage compartment, you can always rely on original BMW accessories to be precisely tailored to your BMW, and easy to use.

INTERIOR ACCESSORIES.

A perfect fit: all original BMW accessory products for the interior help to design the interior of your BMW to fully meet your personal preferences. In addition to the excellent functionality of original BMW accessories, you are also always choosing attractive BMW design alongside extraordinary craftsmanship and material quality – combined with an ambience that will excite you every time you drive.

COMMUNICATION, INFORMATION AND TECHNOLOGY.

Cutting-edge functions and features for maximum freedom and flexibility: Original BMW accessories for communication, information and technology are always at your side. Whether you value optimum availability by phone or the best sound, the innovative original BMW accessories will have the right solution for you. You'll always enjoy a good connection and custom entertainment, wherever your journey takes you.

CHARGING ACCESSORIES.

Regardless of where and how you want to charge your new BMW, original BMW charging accessories offer you tailor-made products and services. You can charge your BMW at any domestic socket using the BMW Flexible Fast Charger or, for even more convenience, at a BMW Wallbox from original BMW accessories; what's more, there's also a widespread network of public charging points available for when you're on the road. Innovative Connected Charging services show charging stations in your BMW's information display, for example, or enable you to easily start pre-conditioning your vehicle just using your smartphone.

M PERFORMANCE PARTS.

With M performance parts, you can experience BMW's motorsport DNA with fascinating intensity, even off the racetrack. A wide range of technical and visual components makes outstanding technology a visible and tangible experience. Exclusive materials and first-rate quality guarantee flawless dynamism. Experience inspiring maximum product performance: individual, expressive and uncompromising.

The availability of the equipment shown and described may vary on a market-specific basis. Your local BMW partner will be happy to advise you on the full range of original BMW accessories.

Discover the whole range of original BMW accessories and the BMW M performance parts product portfolio.

The figures for driving performance, fuel consumption and CO₂ emissions refer to vehicles with standard transmission.

¹ The EC unladen weight refers to a vehicle with standard equipment and does not include any optional extras. The unladen weight includes a 90% full tank and a driver weight of 75 kg. Optional equipment may affect the weight of the vehicle, the payload and the top speed if the selected equipment has an impact on the vehicle's aerodynamics.

² Performance data of petrol engines apply to vehicles using RON 98 fuel. Fuel consumption data apply to vehicles using reference fuels in accordance with EU Regulation 715/2007. Unleaded RON 91 and higher with a maximum ethanol content of 10% (E10) may also be used. BMW recommends RON 95 super unleaded petrol.

³ Dependent on the local electricity infrastructure. Stated charging time based on an AC charging output of 3.7 kW.

⁴ Official data for fuel consumption, CO₂ emissions, power consumption and electric range were determined in accordance with the prescribed measuring procedure and correspond to European Regulation (EC) 715/2007 in the applicable version. In the event of ranges, data determined as per WLTP takes into account any optional equipment (available on the German market in this case). For vehicles that have been newly type approved since 1 January 2021, only the official data according to WLTP exist. For more information about NEDC and WLTP measuring procedures visit www.bmw.com/wltp

⁵ The combined energy consumption depends on the selected wheel and tyre sizes.

⁶ From 1 September 2017, certain new vehicles are tested according to the Worldwide Harmonised Light Vehicles Test Procedure (WLTP) before type approval is granted – WLTP provides a new, more realistic way of measuring fuel consumption, and CO₂ emissions. As of 1 September 2018, WLTP will replace the New European Driving Cycle (NEDC), the current test procedure. Based on the more realistic test conditions, in many cases the fuel consumption and CO₂ emissions are higher than if they had been measured according to the NEDC.

⁷ Range depends on various factors, in particular: individual driving style, route characteristics, outside temperature, heating/air conditioning, pre-conditioning.

⁸ Electronically limited.

⁹ This engine version is not available in all countries. For further information, please contact your local BMW Partner.

¹⁰ Provisional figures; any missing figures were unavailable at the time of publication.

BMW SERVICE.

Always there for you: Your BMW Service Partner is there for helpful, expert support for everything to do with your BMW. Our aim is to make every journey in your BMW as pleasant as possible. A major worldwide network of workshops offers premium service from BMW specialists, innovative diagnostic technologies, and rapid availability of precisely fitting original BMW parts as well as original BMW engine oil. There are many great reasons to choose services from BMW, but there's one that really stands out: that driving pleasure that sets your BMW apart from the crowd will be yours to enjoy for many years to come with BMW Service.

WHEREVER, WHENEVER: OUR COMPREHENSIVE SERVICE.

Many BMW services can be easily booked and tracked online – so you can use your time for the really important things in life. Stay independent and flexible with online appointments and remote services. Take advantage of our innovative digital products and services such as online video advice, and get all the relevant information on your smartphone. And if you don't want to stop but have no choice, our BMW Breakdown and Accident Assistance service will help.

NOTES.

Or doodles.

A large grid of small dots for taking notes or doodling.

Of course, each vehicle is designed for economical recycling after its long-running life. You can find more information regarding your end-of-life vehicle on our website www.bmw.de/recycling.
